All Rights Reserved Stamp & Share 2026

PAPER MEASUREMENTS

- Cloud Cover (base): 5 ½” x 8 ½”, scored in half at 4 ¼”
- Cloud Cover (layer): 4” x 5 ¼”
- Basic White (layer): 1” x 3 ¾”
- Crumb Cake (pine): 3 ½” x 2 ½”
- Designer Series Paper (sweater): 1” x 4 ½”
- Designer Series Paper (snowflakes): ¾” x 4 ¼”

DIRECTIONS

1. Fold the Cloud Cover (base) on the score line.
2. Emboss the Cloud Cover (layer) using the Softly Woven Embossing Folder and the Stampin’ Cut Emboss Machine.
3. Adhere the Cloud Cover (layer) to the Cloud Cover (base) using Multipurpose Liquid Glue.
4. Use Stampin’ Seal to adhere the Designer Series Paper (sweater) to the left side of the card, centered from top to bottom and leaving the same border on three sides.
5. Tear one long edge of the Basic White (layer), then adhere it to the card, slightly overlapping it with the Designer Series Paper (sweater).
6. Use Stampin’ Dimensionals to adhere the Designer Series Paper (snowflakes) to the card, overlapping it with the Designer Series Paper (sweater) and Basic White (layer).
7. Stamp two of the pine and pinecone stamps on the Crumb Cake (pine) using Early Espresso ink and cut them out using the Winter Adventures Dies and the Stampin’ Cut & Emboss Machine.
8. Color the pinecones using the Crumb Cake Light Stampin’ Blend.
9. Adhere one of the Crumb Cake (pine) pieces to the card using Multipurpose Liquid Glue, sliding it slightly under the Designer Series Paper (snowflakes).
10. Adhere the other Crumb Cake (pine) to the card using Stampin’ Dimensionals.
11. Make a bow with 15” of the ribbon by wrapping it twice around two stretched fingers, making sure the ends finish on either side of the loops. Tie in the middle using 4” more of ribbon so the ends of that piece are hidden behind the bow.
12. Adhere Adhesive-backed Snowflakes as desired.
